

## **Tiger Song**

Lyrics: banjy

Music: Ritwik Ghosh

My son asked me the other day  
Do we have tigers only in the zoos  
My teacher tells me the forests are gone  
The deer are gone, wild animals are gone  
The king of the jungle now kills our cattle  
Poachers on his trail  
Now people live where once he lived  
His skin is up for sale.

I said son, your teacher's not fully right  
Tigers are in danger, but still they survive  
You can still see them in the wild  
Sure I will take you there someday  
The future of the tiger still hangs by a thread  
But the battle is still not lost  
We don't want to see tigers only in the zoos  
We'll save them at any cost

**And its now or never, for the future of the tiger  
It is time to decide if we wanna see the tigers in the wild  
And he looked you in the eye, when you shot him, before he died  
It is time that we ensure we gave the tigers a safe home.**

Well son, the tiger needs your support  
In you his future lies  
If the tigers live, the forests live  
And we need it for us to survive  
I take the vow not to buy anything  
That has tiger part  
And I will try my best to gain all support  
For the tiger with all my heart

**And its now or never....**
